 - 5.2. If a third party has completed any document relating to this Contract, that third party will be regarded by us as having been so authorised by the individual concerned.
- 6. Unit Funds**
 - 6.1. The allocation of Units in the Unit Funds is used solely for the purpose of calculating benefits under this Contract and other separately issued Contracts.
 - 6.2. All Units in respect of Hansard Unit Funds allocated in respect of this Contract will be accumulator units.
 - 6.3. The Personal Fund
 - 6.3.1. Assets may be placed in the Personal Fund by way of a cash Contribution to the Contract. When you notify us of the assets you wish to be held, subject to acceptance by Hansard International Limited, we will arrange for the instructed assets to be purchased and held within the Personal Fund. Alternatively, you may arrange for the legal title of existing assets to be transferred and held within the Personal Fund, subject to acceptance by Hansard International Limited.
 - 6.3.2. At any time, you or your appointed advisor may give instructions to sell assets linked to the Personal Fund and to apply the resulting proceeds, or part, to the purchase of other assets to be linked to the Personal Fund or to the purchase of Units in a Hansard Unit Fund.
 - 6.3.3. Each sale and each purchase of an asset will incur a dealing charge, the amount of which is given in the Schedule One. Where existing assets are transferred to the Personal Fund, an asset transfer charge will apply.
 - 6.4. Constitution of the Personal Fund
 - 6.4.1. The Personal Fund will consist of monies and assets linked to the Personal Fund, together with the reinvested interest, dividends, capital, profits or other distributions (less any tax) relating to the existing assets linked to the Personal Fund.
 - 6.4.2. Subject to Hansard International Limited's prevailing asset acceptability criteria, which is available on request, a wide range of asset categories can be linked to this Contract, including unit trusts, deposits, equities, fixed interest securities and Hansard Unit Funds. Acceptable assets must be marketable and liquid. The minimum amount per asset is given in the Schedule One.
 - 6.4.3. At the time that Units of the Personal Fund are created, Hansard International Limited will transfer (in accordance with this Contract) an amount equal in value to the number of additional Units so created, multiplied by the unrounded Bid Price of an existing Unit, to the Personal Fund. Similarly, at the time that Units of the Personal Fund are cancelled, Hansard International Limited will transfer (in accordance with this Contract) an amount equal in value to the number of Units cancelled, multiplied by the unrounded Bid Price of an existing Unit, from the Personal Fund.
 - 6.4.4. All interest, dividends or other distributions arising out of the assets linked to the Personal Fund (net of any tax deducted or payable, as appropriate) will be added to that Personal Fund.
 - 6.4.5. In accordance with the Contract, Hansard International Limited will deduct from the Personal Fund all costs, expenses and fiscal charges incurred in the management and safekeeping of the Personal Fund, including our Service Charge. The Service Charge is payable at quarterly intervals at the rate given in the Schedule One.
 - 6.4.6. No money will be placed into or deducted from the Personal Fund in any way except to the extent described in these Contract Terms and Conditions.
 - 6.4.7. We have the power to delegate all or any of our powers under this Contract to any person on such terms as we consider to be appropriate in order to operate this Contract in a manner we consider to be in your best interests.
 - 6.5. Hansard Unit Funds
 - 6.5.1. Hansard International Limited offers a range of Unit Funds on an as-is basis under a contractual arrangement with us, and the value of the Units in these Hansard Unit Funds is used by us to calculate the benefits payable under the Contract and other separately issued Contracts.
 - 6.5.2. Hansard International Limited has the right to close individual Hansard Unit Funds either completely or to future new Contract Holders. In the former case, whenever possible the Contract Holder will be offered an opportunity to select an alternative. Hansard International Limited may also establish new Hansard Unit Funds from time to time.
 - 6.6. Constitution, income and expenses of the Hansard Unit Funds
 - 6.6.1. Each Hansard Unit Fund will consist of those assets, cash or other property which are, from time to time, designated as forming part of that Unit Fund together with the re-invested interest, dividends, capital profits or other distributions arising from those assets. All interest, dividends or other distributions arising out of the assets of each Unit Fund (net of any tax deducted or payable as appropriate) will accrue to and form part of each respective Unit Fund.

Contract Terms and Conditions

- 6.6.2. At the time that Units of a Hansard Unit Fund are created, Hansard International Limited will transfer (in accordance with this Contract) an amount equal in value to the number of additional Units so created, multiplied by the unrounded Bid Price of an existing Unit, to that Hansard Unit Fund. Similarly, at the time that Units of the Hansard Unit Fund are cancelled, Hansard International Limited will transfer (in accordance with this Contract) an amount equal in value to the number of Units cancelled, multiplied by the unrounded Bid Price of an existing Unit, from that Hansard Unit Fund.
- 6.6.3. The value of a Hansard Unit Fund reflects the charges inherent in the asset itself and any charges levied by external managers, over which there is no control. As a result, they may change at any time without notice. These charges are reflected within the Bid Price of the Units.
- 6.6.4. Hansard International Limited shall be mandated and entitled to pay out of each Hansard Unit Fund all fiscal charges, management costs, administration costs, marketing costs and expenses in respect of that Hansard Unit Fund including charges for custodians and trustees.
- 6.6.5. The annual management charge on the Hansard Unit Funds set out in the Schedule One is deducted from the Hansard Unit Funds on a daily basis and hence is reflected within the Bid Price of the Units.
- 6.6.6. No money will be placed into or deducted from a Hansard Unit Fund in any way except to the extent described in these Contract Terms and Conditions.
- 6.6.7. Hansard International Limited shall have complete discretion to borrow money in any currency at any time for the purpose of operating a Hansard Unit Fund and to mortgage or otherwise charge all or any of the assets of the Hansard Unit Fund as security for such borrowing.
- 6.6.8. We have the power to delegate all or any of our powers under this Contract to any person on such terms as we consider to be appropriate in order to operate this Contract in your best interests.
- 7. Value of a Unit Fund**
- 7.1. The value of a Unit Fund is calculated by Hansard International Limited at such times as Hansard International Limited determines in its discretion and takes into account:
- 7.1.1. deductions of all outgoings relating to the assets linked to the Unit Fund, including any mortgages, overdrafts, allowable expenses and charges, including the annual management charge, and such provisions for any actual or potential liability for taxes as is required by law and reasonably considered appropriate; and
- 7.1.2. additions for income from the assets linked to the Unit Fund net of any tax deducted or payable.
- 7.2. The value of assets linked to the Unit Fund which are quoted on a recognised stock exchange will be determined by reference to the market dealing prices quoted for that investment.
- 7.3. The value of any other assets in the Unit Fund will be determined by Hansard International Limited in such manner as they consider appropriate depending on the nature of the investment. The value of assets linked to a Unit Fund where market prices are provided by a nominated manager will be determined by reference to these prices.
- 7.4. The frequency of valuation will be determined by Hansard International Limited but a valuation will normally be made at least once in each calendar month.
- 7.5. The purpose of the valuation is to determine the appropriate Bid Price.
- 8. Allocation of Units to the Contract**
- 8.1. Units in the Personal Fund are notional units used solely for the purpose of calculating the benefits under the Contract. The amount to be applied to the acquisition of Units in the Personal Fund is the Contribution. The first Contribution will be applied at the Bid Price of the Units on the next Valuation Day following receipt of the Contribution which is clearly attributable to the Contract. Each subsequent Contribution will be applied on the next Valuation Day following its receipt by us.
- 8.2. The number of Units allocated in respect of a Unit Fund will be calculated by multiplying the Contribution by the allocation rate and dividing by the Bid Price of the Units.
- 8.3. The allocation rate applicable to the Contribution will be shown on the Contract Certificate.
- 8.4. For the avoidance of doubt, if the Personal Fund invests in a Hansard Unit Fund, accumulator units in that Hansard Unit Fund will be allocated in accordance with these Contract Terms and Conditions and will constitute an investment within the Personal Fund.
- 8.5. If Hansard Unit Funds are to be acquired as an asset within the Personal Fund, the amount stipulated by you will be applied for their acquisition at the Bid Price of the Units on the next Valuation Day following receipt of your instructions.
- 8.6. Units in Hansard Unit Funds are notional units used solely for the purpose of calculating the value of your participation in that Unit Fund. Hansard International Limited will only allocate Units in Hansard Unit Funds in respect of and subject to the Contract Terms and Conditions. Consequently, they cannot be held outside such a Contract.
- 9. Price of a Unit**
- 9.1. Hansard International Limited will calculate the Bid Price of Units in a Unit Fund on each Valuation Day.
- 9.2. The minimum Bid Price of a Unit shall be determined by the value of the underlying assets of the Unit Fund at the market dealing price, less any costs of realising the assets of the Unit Fund that Hansard International Limited deems appropriate, divided by the number of Units in the Unit Fund, the result being decreased by not more than 0.5%.
- 9.3. The maximum Bid Price of a Unit shall be determined by the value of the underlying assets of the Unit Fund at the market dealing price, increased by any cost of acquiring the assets of the Unit Fund that Hansard International Limited deems appropriate, divided by the number of Units in the Unit Fund, the result being increased by not more than 0.5%.
- 9.4. The Bid Price of a Unit applying on a given Valuation Day will be between the minimum and maximum allowed by these Contract Terms and Conditions, with due allowance for the prospects of the Unit Fund (whether it is expanding or contracting), equity and the need for pricing to be administratively smooth. In cases where a Bid Price cannot be determined to meet these criteria, Hansard International Limited has the right to defer the calculation until an appropriate Bid Price can be so determined.

Contract Terms and Conditions

10. Switching

10.1. Switching from a Hansard Unit Fund

- 10.1.1. You may choose, at any time whilst this Contract is in force, to change the selected Hansard Unit Fund(s) by written notice to us, or by any other method of notice previously agreed by you with us. The relevant date of the change will be the next Valuation Day following the date on which we receive clear and precise written instructions from you and consent to your choice. We will only withhold our consent to your choice if the provisions of Clause 13 apply. On the relevant date, we will cancel the Units to be changed and the net value of these Units will be applied to the acquisition of Units in the Hansard Unit Fund(s) you have specified. Should you so instruct us, some or all of the proceeds of the cancellation of Units to be changed may be subsequently applied to the purchase of an asset in accordance with the provisions of Clause 10.2.2.
- 10.1.2. The number of Units to be allocated will be calculated by dividing the net value of the cancelled Units by the Bid Price of the replacement Units. The amount of the dealing charge, which applies in respect of each Hansard Unit Fund switched out of and switched into, is given in the Schedule One and will be deducted at the next quarterly charging date.
- 10.1.3. All cancellations of Units and acquisitions of replacement Units made under this Clause will be calculated at the Bid Price of Units at the next Valuation Day following the date on which your choice is accepted.

10.2. Switching other assets linked to the Personal Fund

- 10.2.1. You may choose, at any time whilst this Contract is in force, to change the assets (other than assets in Hansard Unit Funds) by written notice to us, or by any other method of notice previously agreed by you with us. We will add the amount realised by the sale of an existing investment to the Personal Fund. A dealing charge, which applies in respect of each transaction, will be incurred. The amount of the dealing charge is given in the Schedule One and will be deducted at the next quarterly charging date.
- 10.2.2. If money in the Personal Fund is applied to the purchase of an asset, a dealing charge is incurred. The amount of dealing charge which applies in respect of each transaction, is given in the Schedule One and will be deducted at the next quarterly charging date. Any asset to be held in the Personal Fund must fall within the limitations imposed under Clause 6.4.2 and we reserve the right not to accept or act upon any instructions which do not comply with this requirement.

11. Contract charges

11.1. Service Charge

- 11.1.1. At quarterly intervals, or such other periods as we shall specify, and immediately before the termination of this Contract, we shall deduct and retain directly from the Personal Fund, amounts in respect of the Service Charge, the initial value of which is set out in the Schedule One.
- 11.1.2. In some instances, the initial Service Charge deduction will be of a pro-rata amount relating to the interval between the date of allocation of a Contribution and the next quarterly collection date. We have adopted this procedure to simplify the administration of the collection of the charge and it

serves, therefore, to minimise the level of the charge to you and other Contract Holders. We reserve the right to change our procedure, should an alternative procedure be found to be more cost-effective for our Contract Holders.

- 11.2. As outlined in Clauses 6.3.3 and 10, each sale and each purchase of an asset, and each switch of a Hansard International Limited Unit Fund, will incur a dealing charge. Each transfer of an asset into or out of the Personal Fund will incur an asset transfer charge.
- 11.3. Our current practice is to deduct and retain charges at calendar quarterly intervals (31 March, 30 June, 30 September and 31 December) each year. The amount to be deducted will be equal in value, on the date of such deduction, to the total amount of the charges. That value will be calculated at the Bid Price of Units on the last Valuation Day preceding the date of such calculation.
- 11.4. If, at any time when deduction and retention of an amount is due, there is insufficient cash in the Personal Fund to meet the amount required, we shall act in accordance with the instruction relating to negative cash balances, contained in the application form.
- 11.5. If at any time the total value of the Personal Fund is insufficient to provide for the charges, the Contract will terminate without value.
- 11.6. All the monetary amounts referred to in Schedule One are normally reviewed yearly on 1 July and may be increased by the Company from time to time without notice. To ascertain at any time the then current charges and minimum and maximum values, enquiries should be directed to the Company.
- 11.7. The annual management charge, set out in the Schedule One, will be deducted from the Hansard Unit Funds, which is reflected in the Bid Price of the Units.

12. Surrender and withdrawal charges

- 12.1. On full surrender, the Surrender Charge will be the Service Charge accrued in the quarter to date.
- 12.2. There is no Surrender Charge on withdrawal. If, immediately after a proposed withdrawal is effected, the value of the Units remaining allocated to the Contract will be less than the Service Charge for the quarter in which the withdrawal takes place, the Service Charge may be deducted from the amount to be paid in settlement of the withdrawal.
- 12.3. For all calculations required in connection with a surrender or withdrawal, the Bid Price will be used on the next Valuation Day following receipt by us of a valid written request to surrender.

13. Events outside our control

- 13.1. We reserve the right if, in our reasonable opinion, exceptional circumstances arise and we consider it to be in the general interests of the majority of our Contract Holders to do so, to defer payment of benefits under the Contract and/or a withdrawal request, including a regular payment facility payment, and/or a switch request and/or defer pricing of a Unit in the Unit Fund.
- 13.2. Where it becomes necessary to defer:
- 13.2.1. the benefits payable under the Contract will be calculated at the Bid Price on the next Valuation Day after the end of the period of deferment;
- 13.2.2. the withdrawal will be calculated at the Bid Price on the next Valuation Day after the end of the period of deferment;
- 13.2.3. the switch or sale will be calculated at the Bid Price on the next Valuation Day after the end of the period of deferment;

Contract Terms and Conditions

- 13.2.4. during such period of deferment, any Contributions which would otherwise have been allocated to a particular asset in the Fund will be redirected to one or more other assets in accordance with your written instructions; and
- 13.2.5. the pricing of a Unit will be calculated at the Bid Price on the next Valuation Day after the end of the period of deferment.
- 13.3. As the deferment could arise for a variety of reasons, Hansard International Limited has the right to value the asset at nil or on any other reasonable basis during the time of deferment. This will impact on our ability to act on your instructions including the making of any payment under the Contract to you, be it a full surrender or withdrawal. Our obligation is to account to you for the sums actually received from Hansard International Limited or the manager of any underlying investment fund chosen by you less any charges under the Contract.
- 13.4. We shall be entitled to a reasonable extension to perform any obligation under this Contract where the delay is due to any cause beyond our reasonable control.
- 13.5. If, after six months, we have been unable to obtain a price for an asset due to these exceptional circumstances, we may arrange for transfer of the title of the asset to you (if practicable and allowed by law), provided always that the asset concerned does not consist of Units in a Hansard International Limited Unit Fund.
- 14. Legislative changes and force majeure**
- 14.1. If and whenever circumstances outside our control (force majeure) or legislative changes in any country prevent us from fulfilling precisely our obligations under this Contract, we will amend those obligations in such a way as to enable us to meet our original obligations as nearly as is possible, whilst acting within the confinements imposed upon us by such circumstances or legislative changes. Where we have delegated any function under this Contract to a third party, we will seek to amend the relevant contractual documentation to take account of the circumstance or legislative changes.
- 15. Issue of Contracts for additional Contributions**
- 15.1. We cannot guarantee that this class of Contract will always be available to new applicants and on precisely the same terms and conditions as shown in this document or that future additional Contributions will be accepted on precisely the same terms and conditions as shown in this document. If you elect at a future date to make an investment under this Contract, this may necessitate the issue of a new Contract and that new Contract will be subject to the terms and conditions then offered to new applicants. If this Contract is no longer available to new applicants, you should ask your Independent Financial Advisor to recommend to you an alternative Contract which appears to be suitable and appropriate.
- 16. Surrender and Surrender Value**
- 16.1. You may surrender the Contract subject to receipt by the Company of the necessary documents referred to in Clause 22.
- 16.2. The Surrender Value will equal the value of Units allocated to the Contract at the Bid Price applying at the next Valuation Day after the Company receives written instructions for the surrender, less any Surrender Charges outlined in Clause 12. On payment of the Surrender Value, the Contract will terminate and no further benefits under the Contract will be payable.
- 17. Withdrawal**
- 17.1. You may withdraw money from the Contract subject to the provisions of Clause 22.
- 17.2. A charge may apply when a withdrawal is taken as defined in Clause 12.
- 18. Rounding**
- 18.1. The number of Units deemed to be allocated to this Contract under Clause 8 and cancelled under this Contract under Clauses 10, 16 and 17 will include fractions of a Unit rounded to the nearest second decimal place (or as many places as we decide appropriate). The Bid Price of Units will be calculated under Clause 9 to at least three significant figures.
- 19. Currency**
- 19.1. The currency of the Contract is shown in the Contract Certificate and all Contributions not received in that currency will be converted to that currency at the rate, and subject to any applicable charges for such conversion, offered by the Company's bankers on the business day after the Company receives payment.
- 19.2. Benefits payable under the Contract will be paid in the currency referred to in the Contract Certificate unless the Contract Holder requests, in writing, payment in another currency. If the Contract Holder requests payment in another currency, payment will be subject to the conversion rate offered by the Company's bankers and any applicable charges for such conversion.
- 20. Contract Ownership Rights**
- 20.1. Where the Contract is taken out by two Contract Holders, in the absence of written instructions to the contrary, should one of the Contract Holders die ownership will pass to the surviving Contract Holder, subject to Clause 21 and where applicable any life assurance provisions specified in the Contract Certificate.
- 20.2. Where the Contract is taken out or held by one Contract Holder the Company will accept instructions from the deceased Contract Holder's legally appointed "executor", "personal representative" or "administrator" (as applicable) of their estate.
- 20.3. Any change of ownership should be made by a deed of assignment. No assignment of the Contract shall be binding on the Company unless it is in writing and a notice of assignment has been received by the Company whilst the Contract is in force. The deed of assignment must be fully completed and signed by the current Contract Holder(s) and the new Contract Holder(s). The Company assumes no responsibility for the validity of any assignment and where accepted shall be entitled to rely on the express written instructions in the assignment instrument.
- 20.4. The Contract Holder(s) may nominate a beneficiary or beneficiaries by completing the "Beneficiary Nomination Form" or "Transfer of Ownership Form" prescribed by the Company to specify to whom applicable benefits under the Contract should be paid.
- 20.5. The nomination of a beneficiary shall not:
- 20.5.1. affect the ownership of the Contract which will remain with the Contract Holder(s); and
- 20.5.2. confer any right or rights in the Contract on a beneficiary until a benefit under the Contract becomes payable by the Company.
- 20.6. For any assignment or any other legal change of ownership of the Contract, the Company will require satisfactory documentary proof that the person(s) nominated or claiming to have rights in respect of the Contract have been duly authorised by legal instrument or any applicable law to act in the stead of the Contract Holder. The Company reserves the right to only act where the written instructions are clear and there are no conflicting claims in respect of the Contract.

Contract Terms and Conditions

20.7. Where a Contract Holder has died, the Company reserves the right to refrain from acting on any instructions until a decision has been received, following a reasonable request, from a competent court sanctioning an individual's appointment or probate is granted on the deceased Contract Holder's estate.

21. Death Benefit

21.1. On the notification of the death of the relevant Life Assured, the Contract will end and we will pay the sum assured, which will be determined as follows:

21.1.1. In the case of a single life Contract, the sum assured will be 101% of the Contract Value, unless the Life Assured is over age 75 on the Commencement Date of the Contract, in which case the sum assured will be 101% of the Surrender Value of the Contract.

21.1.2. In the case of a joint lives first death Contract, the sum assured will be 101% of the Contract Value, unless any of the Lives Assured is over age 75 on the Commencement Date of the Contract, in which case the sum assured will be 101% of the Surrender Value of the Contract.

21.1.3. In the case of a joint lives last death Contract, the sum assured will be 101% of the Contract Value, unless all of the Lives Assured are over age 75 on the Commencement Date of the Contract, in which case the sum assured will be 101% of the Surrender Value of the Contract.

21.2. If the death giving rise to the claim was suicide, irrespective of whether the Life Assured was sane or insane at the time, and if the death occurred within one year of the Commencement Date of this Contract, the sum assured will become payable in accordance with the instructions of the trustees (if the Contract has been placed in trust), or of the assignees (if the Contract has been assigned). If the Contract has not been placed in trust or assigned, we shall have complete discretion as to the amount of the Death Benefit payable. However, the amount payable shall never be less than the Surrender Value of the Contract upon our receipt of notification of death.

21.3. The value of the Units will be their value at the Bid Price applying on the next Valuation Day following receipt by us of notification of the death of the Life Assured.

21.4. In the case of a joint lives first death Contract, the Death Benefit will become payable upon our receipt of notification of the death of whichever of the Lives Assured dies first. In the case of a joint lives last death Contract, the notification of the death of the last of the Lives Assured to die will give rise to the death claim.

21.5. The sum assured is payable only after deduction of any amount due to us in connection with this Contract. Once payment has been made, the Contract will terminate and no further benefits under the Contract will be payable.

21.6. Before we will pay a Death Benefit, we will require evidence of the date and cause of death and other documents or information that the Company may reasonably request.

22. Surrender and withdrawal benefit

22.1. The surrender benefits described below will become payable only after deduction of any amounts due to us under this Contract, including any dealing charge due from the sale of an asset.

22.2. You can surrender this Contract, wholly or in part, at any time by giving us written notice in the form required under our procedures at the time.

22.3. In the case of a withdrawal, you can only surrender Units with a value equal to or greater than the minimum withdrawal amount set out in Schedule One. After a withdrawal, the number of Units remaining allocated to the Contract will be reduced accordingly. If more than one Contribution has been applied under the Contract, Units relating to the earliest Contribution(s) will be cancelled first. When no Units remain allocated to the Contract, it will terminate and have no further value.

22.4. The amount payable on any withdrawal or full surrender will be the value of the surrendered Units less the relevant charges as described under 'Surrender and withdrawal charges' in Clause 12.

22.5. The value of surrendered Units is calculated by reference to the Bid Price applying on the next Valuation Day following receipt by us of the required written notice.
