Performance (5 Years to 31/03/2021)

Performance figures provided by FE fundinfo as at 31/03/2021, using the published bid prices of accumulator units, in US Dollar. **Past performance is not a guide to future performance. The value of units can fall as well as rise.**

The underlying asset is denominated in one currency but may hold assets which are priced in other currencies. The performance of the unit fund may therefore rise and fall as a result of exchange rate fluctuations.

Performance figures include the deduction of all fund management charges. Sector classification and source information is provided by FE fundinfo.

Risk and Reward (of the unit fund)

- Where the unit fund is more than 5 years in existence, the indicator reflects the volatility of the unit fund's price over the previous 5 year period, which in turn reflects the volatility of the underlying asset prices to which the Hansard International unit fund links.
- Where the unit fund is less than 5 years in existence, the indicator reflects the volatility of the underlying asset prices over the previous 5 year period or since launch if later.
- The current rating is not guaranteed and may change if the volatility of the underlying asset to which the Hansard International fund link invests changes.
- The lowest rating does not mean risk free.
- The fund is rated 4 based only on past performance.
- The risk ratings have been calculated as at 28/11/2018.
- The rating does not reflect all risks. For example, it does not reflect Credit, Derivative, Counterparty or Liquidity risks.

Important Information

The unit fund principally holds units in a basket of underlying assets and there will be a cash balance (debit or credit) to facilitate dealing. Pricing will take into account the market price of the underlying asset and the net unit fund cash flow.

The benefit from a Hansard International product is primarily determined by unit fund performance over its lifetime; other factors may be more important, especially on early surrender, in certain cases. You may get back less than you paid in.
